

**STATE INVESTIGATION AND PROTECTION AGENCY
CRIMINAL INVESTIGATION DEPARTMENT
CRIMINAL INTELLIGENCE SECTION**

**ACTIVITIES OF CRIME-STOPPERS TEAM
IN 2010**

FEBRUARY, 2011

I – INTRODUCTION

The Crime-Stoppers Team ensures that any person with information on the perpetration or perpetrator of a criminal offence (CO), who wishes to stay anonymous, forwards such information to the police, by calling the “Crime-Stoppers” hotline - 080 020 505 – which covers the entire territory of Bosnia and Herzegovina. A call to the “Crime-Stoppers” hotline is free, which means that the calls are not charged to persons potentially reporting criminal offences.

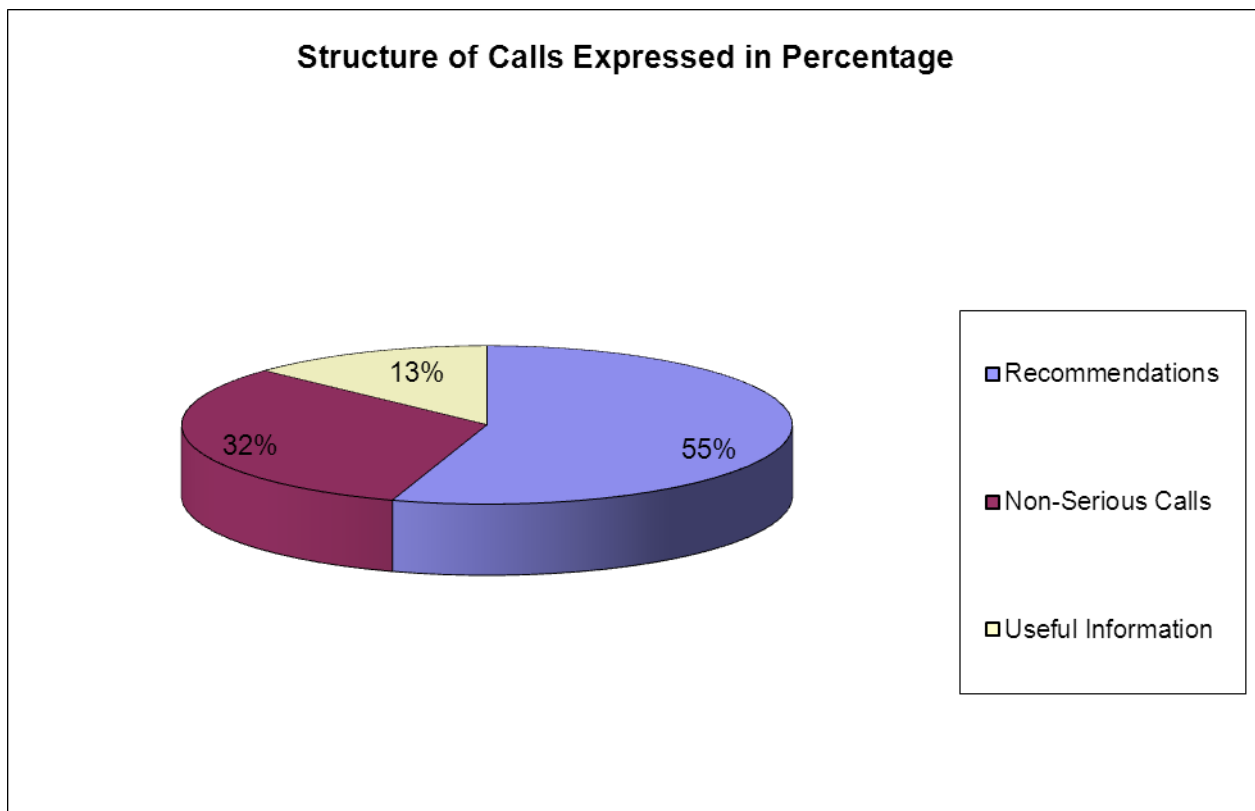

The “Crime-Stoppers” guarantee anonymity. The citizens are not required to leave their personal information or any other data which might reveal their identity, except in situations when a person reporting insists and voluntarily discloses their identity and expresses readiness for a direct contact and cooperation, with the aim to disclose information at their disposal. Officials of the Crime-Stoppers Team do not have displayed an incoming call number.

The method of handling telephone calls by the officials of the “Crime-Stoppers” Team is regulated by the Instruction on the Team’s Police Officials Method of Work.

II – STRUCTURE OF CALLS IN 2010

In 2010, 6.716 calls to the “Crime-Stoppers” hotline were registered. In the majority of these calls, citizens requested advice on the exercise of their rights (3.702 or 55%). In addition, 2.164 or 32% of non-serious calls were registered. The lowest and the most important for this service, was the number of calls based on which information were developed and forwarded for further procedure to competent police agencies and in which the citizens who called the “Crime-Stoppers” hotline provided information on perpetrated criminal offences. In 2010, 848 or 13% of such calls were registered.

In their daily talks with reporting persons, the “Crime-Stoppers” Team officials confirm their cooperation with the public and thereby encourage them to share information on perpetrated or planned criminal offences with the police and become a part of the country’s security system.

III – STRUCTURE OF DEVELOPED INFORMATION SUBMITTED FOR FURTHER PROCEDURE TO POLICE AGENCIES IN BOSNIA AND HERZEGOVINA (Addendum 1)

In 2010, 848 information, i.e. 4x4 reports, were developed and submitted for further procedure to the competent police agencies in BH. Out of the total number of information, 115 were submitted to the organisational units of SIPA and other information were submitted to the Entity and Cantonal Ministries of Interior, Border Police BH, Brčko District Police and other law enforcement agencies (Indirect Taxation Authority, Intelligence Security Agency, Ministry of Justice BH, etc.).

A comparative analysis shows that in 2010 there was a reduction by 26.7% in the number of developed information compared to 2009 when 1.157 pieces of information were developed. The analysis of criminal offences that the information refer to shows a slight increase of criminal offences of corruption, terrorism and document forgery compared to 2009, and a reduction in the number of information on all other criminal offences compared to the previous year.

In addition to the “Crime-Stoppers” hotline, in 2010 the “Crime-Stoppers” web page was also active, where citizens could report planned or perpetrated criminal offences and perpetrators and share such information with the police. In 2010, 190 pieces of information were received through this web page, 98 of which were forwarded to competent police agencies and 92 were inadequate for further police procedure.

NOTE: Information received through the “Crime-Stoppers” hotline, apart from those referring to the criminal offences of war crimes, are being submitted for further procedure to other police agencies in BH as well, which means that the presented number of information is higher in comparison to the developed 4X4 CIR. In this sense, a difference occurs in the number of received information and number of information forwarded for further procedure to SIPA and other police agencies.

IV – OVERVIEW OF FEEDBACK SUBMITTED BY COMPETENT POLICE AGENCIES IN 2010 AND COMPARATIVE DATA FOR 2009 (Addendum 2)

In 2010, upon verification of allegations from the submitted reports, 709 pieces of feedback were received from the competent police agencies in BH, 310 of which were received as a response to information from 2009 and previous years, and 399 referred to the information from 2010. When this number is compared to the number of submitted feedback in 2009 (1.157), it is clear that 38.7 % reduction occurred.

Out of the total number of feedback, during the verifications of allegations, the accuracy of a report was verified in 38 cases and the competent Prosecutor's Offices received the same number of reports on grounds for suspicion of the perpetration of a criminal offence and 63 reports were submitted for evaluation and opinion. Also, 8 requests for the verification of responsibility for a violation were submitted.

Allegations were confirmed for 60 pieces of information, whereby legislative actions and measures were taken, or an investigation was not initiated, or they would be useful for future operational work, or the allegations were already known to the police agencies.

A comparative analysis with the year 2009 shows that there was 45.7% decrease in 2010 in the number of submitted reports on grounds for suspicion of a perpetrated criminal offence, 8.6% decrease in the number of reports submitted to the Prosecutor's Office for evaluation and 53% in the number of submitted violation reports.

Addendum 1

1. Overview of Information Submitted for Procedure to Police Agencies in BH by the Type of Criminal Offences and Comparative Indicators for 2009

- 1.1. Number of information forwarded to police agencies in 2010;
 - 1.1.1. Table – SIPA
 - 1.1.2. Table – Other police agencies
