SECTOR FOR OPERATIONAL SUPPORT
OPERATIONAL-COMMUNICATION SECTION**

**ACTIVITIES OF CRIME-STOPPERS TEAM
IN 2014**

JANUARY, 2015

I INTRODUCTION

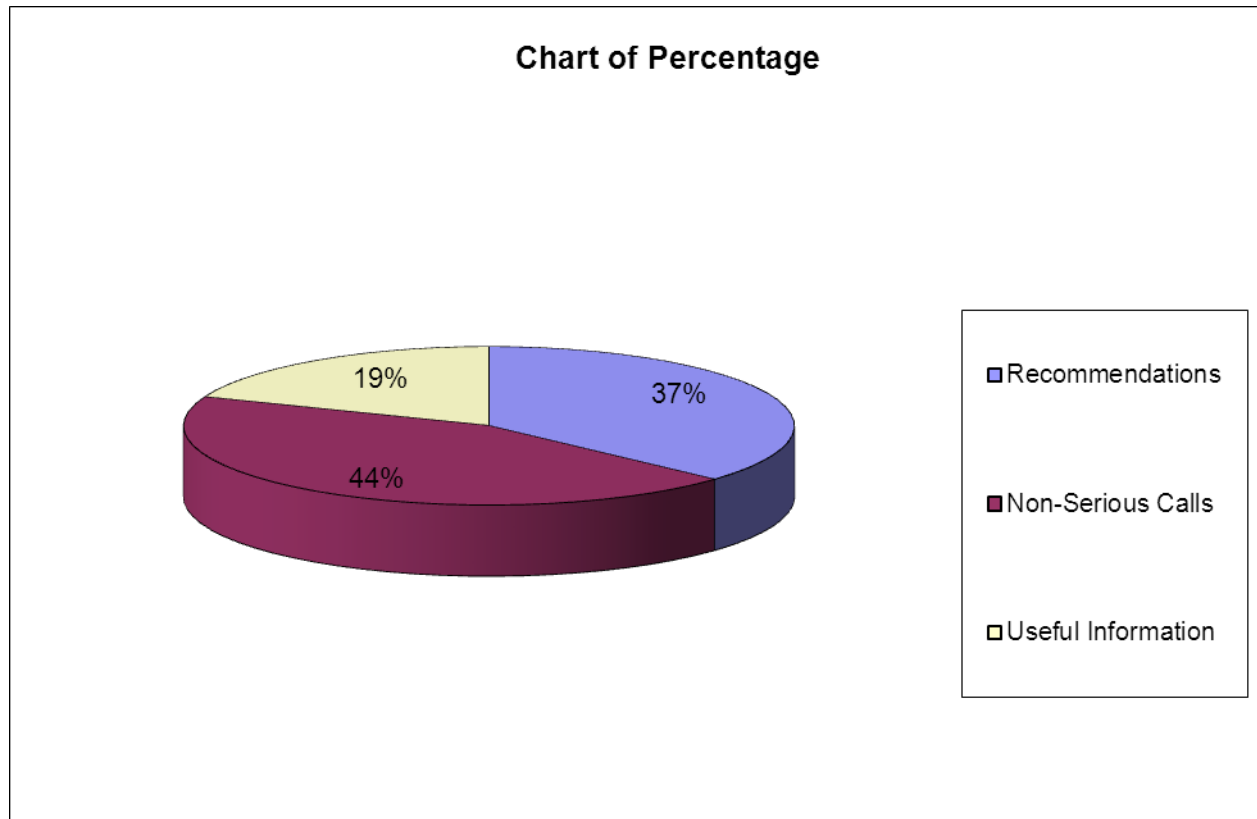

Through the Crime-Stoppers Team, every individual possessing any information about the perpetration or perpetrator of a criminal offence, who wants to stay anonymous, can forward such information to the police by dialling the Crime-Stoppers telephone number 080 020 505, which is unique for the territory of the entire Bosnia and Herzegovina. A call to the Crime-Stoppers line is free, which means that the calls are not charged to persons reporting criminal offences.

The Crime-Stoppers guarantee anonymity. The citizens are not required to leave their personal information or any other data that might disclose their identity, except in situations when a reporting person insists and voluntarily discloses their identity and expresses readiness for a direct contact and cooperation with the aim to provide information at their disposal. The officials of the Crime-Stoppers Team receiving calls to the hotline do not have an incoming call number displayed.

The method in which the officials of the Crime-Stoppers handle telephone calls is regulated by the Instruction on the method of work of the Team's police officials.

II STRUCTURE OF CALLS IN 2014

In 2014, 4.508 calls to the Crime-Stoppers hotline were registered. Out of this number, in 1.657 or 37% of the calls, the citizens asked for advice on the exercise of their rights. In addition, 1.979 or 44% of non-serious calls were registered. The lowest and the most important number of calls for this service were those based on which information were developed and sent for further procedure to competent police and other agencies. In 2014, 872 of such calls were registered or 19% of the total number of calls. During the telephone talks, the officials of the Crime-Stoppers Team encourage the citizens to cooperate and continue reporting criminal offences.

III STRUCTURE OF DEVELOPED INFORMATION SUBMITTED FOR FURTHER PROCEDURE TO POLICE AGENCIES AT BH STATE LEVEL (Addendum 1)

In 2014, 872 information or 4x4 reports were developed, which is 16% less than in 2013, when 1.042 information were developed. The received information were submitted for procedure to competent BH state level police agencies. Out of the total number of information, 81 were submitted for procedure to organisational units of SIPA and other information were submitted to Entity and Cantonal Ministries of Interior, Border Police of BH and Police of Brčko District BH. In addition, 40 information were forwarded to other agencies (Intelligence Security Agency, High Judicial and Prosecutorial Council, Indirect Taxation Authority, Ministry of Justice, etc.), which will not be shown in tables and charts.

In comparison to 2013, in 2014 a number of criminal offences to which the information refer was also reduced.

IV OVERVIEW OF FEEDBACK SUBMITTED BY RELEVANT POLICE AGENCIES IN 2014 AND COMPARATIVE DATA FOR 2013 (Addendum 2)

Upon checks of the allegations from the submitted reports in 2014, 709 pieces of feedback were received from the competent police agencies in BH, which is 1.3% less in comparison to 2013, when 718 were received. The received information also include feedback received as responses from previous years, whereby the majority refers to the information from 2014.

Out of the total number of feedback, during the checks of the allegations, 38 reports on grounds for suspicion of the perpetration of a criminal offence were submitted to the competent Prosecutor's Offices and 48 reports were submitted for evaluation and opinion. In addition, seven requests for the verification of responsibility for a violation were submitted.

For 25 pieces of information, allegations were either confirmed and legislative actions and measures were taken, or the investigation was not initiated, or they would be useful for future operational work, or such allegations were already known to the police agencies.

During the checks of the allegations in 2013 30 reports on grounds for suspicion of a perpetrated criminal offence were submitted to the competent Prosecutor's Offices. Also, 53 reports were submitted to the competent Prosecutor's Offices for evaluation and opinion. In addition, two requests for the verification of responsibility for a violation were submitted.

A comparative analysis with the year of 2013 shows that in 2014 a number of submitted reports on grounds for suspicion of a perpetrated criminal offence increased by 26.7%, number of reports submitted to the Prosecutor's Offices for evaluation decreased by 9.4% and a number of submitted violation reports increased by 250%.
